Local Authority Accounting Conferences (July)

The summer technical accounting conferences are the key events to attend to find out the very latest developments in local government financial reporting. The conferences will help finance practitioners understand the important accounting changes facing local authorities, their likely impact, and will discuss the crucial steps necessary to prepare for them. Please note FAN or other pre-paid places cannot be used to attend these events. Bookings can still be made for Leeds and Cardiff on the **CIPFA website.**

Getting to Grips with Accounting for IFRS 9 – Financial Instruments

The summer FAN series looking at IFRS 9 Financial Instruments is on the website and is selling fast. Indeed, the 18 July London date plus an extra date on 3 August have both sold out so we have added a third London date on 9 August (see event listing).

The FAN IFRS 9 events will cover the identification of financial instruments, the new

Adult and Children's Social Care Bridging the Gap

With overspending on adults and children's social care being the number one budget pressure for most Councils it is becoming increasingly important that ways are found to bridge the gap between demand and finance.

CIPFA are running a series of events which will provide you with an opportunity to identify ways of bridging the gap at your authority. Looking at ways to secure additional funding, minimising the risk of overspending and estimating realistic savings, this course is aimed at commissioners, service and finance managers and directors.

If this is an area where your Council is looking for ideas and support, why not book a place on one of our courses in July. Further details can be found on the **CIPFA website**.

Local Authority Leasing Briefings and Consultation

To support the implementation of the new adoption of IFRS 16 Leases in the Local Authority Accounting Code CIPFA is producing a series of Briefings, the first of which can be found **here**.

The series of briefings will:

- update stakeholders on the development of the approach to the adoption of the standard in the Code by the CIPFA/LASAAC Local Authority Accounting Code Board (CIPFA/LASAAC)
- assist with the implementation of the standard from both technical and practical perspectives.

Each briefing will focus on particular aspects of the standard while also updating stakeholders on latest developments.

The first briefing focuses on recognition and measurement and the adaptations to the Code for the adoption of IFRS 16.

Alternative Delivery Models and Children's Services

With ongoing budgetary pressures, expectation to deliver good outcomes and provide better services, the expectation is that a growing number of local authorities (more than one-third) will be delivering – or looking to deliver – children's services through 'new models' such as not-for-profit trusts by 2020, as they attempt to reshape the way services are delivered. ADMs are therefore very likely to be an important part of the wider children's services agenda over the next five years. Attend this special workshop, listen to expert speakers and find out the best option for your local authority. Book your place now on the **CIPFA website**.

Whole of Government Accounts 2017 to 2018

For those involved in the completion of the WGA return, HM Treasury have released a set of training videos for the 2017/2018 WGA return.

The Data Collection Tool (DCT) and the written guidance for local government is available on the **GOV.UK website**. In addition to this, there is also a pre-recorded training video and a **recorded webinar**.
