

CIPFA SE REGION - SPRING CONFERENCE 19 MARCH 2018

CFO INSIGHTS PRESENTATION BY ALEX WARD, GRANT THORNTON

Following on from Grant Thornton's CFO Insights discussion and run-through at the conference on Monday 19th, we would like to share the attached flier and extend an invitation to find out more about your local council's performance. The tool has had fantastic uptake, now with over 80 councils using the service to underpin their thinking about service delivery and value for money review.

If you have any questions following the session or would like some more local level analysis from the tool, please feel free to get in touch with Alex Ward (Alex.M.Ward@uk.gt.com) who would be more than happy to help.
