

Report

2019/20

Board	South East Council
Venue	Mansell Street
Date	18 September 2019
Author	Will Goodchild, SE CIPFA Student Network President
Subject	SE CIPFA Student Network Update

Purpose

To provide an update to the Regional Council on the work of the SE CIPFA Student Network (SE-CSN).

Recommendations

SE Council are asked to note the report, and comment on any areas of focus for future SE-CSN activity.

Meetings

The SE-CSN has continued to hold meetings in Central London, with three held since the last council meeting 22nd May 2019.

The meetings held since the last council were attended by representatives from London Boroughs, District Councils, County Councils and the Private Sector.

Key areas of focus

The SE-CSN aims to increase the value added to students within the South East region through greater engagement. This will be achieved through an updated approach to communications enabling better marketing of our enhanced events programme.

- Communications Strategy – Progress being made in securing an up to date list of student email addresses to enable direct communication. We plan to develop a student newsletter in conjunction with CSN that focuses on the work we undertake and aims to increased engagement with the network.
- Events Programme – See Appendix 1.
- Budget – A forecasting exercise has taken place to analyse costings for each event we plan to run. Minimal actual spend to date. Forecast online for year end.
