When I gained my CPFA and became a CIPFA member, I felt a huge sense of accomplishment. It’s given me a grounding in core accounting principles that I can apply to the many different aspects of my career and connected me with a global network of like-minded professionals, including some lifelong friends.

Mohaeed Chaudhry CPFA, Senior Manager, PwC

Being a CPFA has helped me stand out from the crowd, and I’m proud to have a qualification that represents integrity, professionalism and, above all, dedication to public finance. I’ve had a great career so far, and feel that I have a long way to go and a lot more to give – and having CIPFA behind me will continue to benefit both myself and future employers.
