### Advisor Update

Welcome to the third CIPFA Children's Services Finance Advisory Network (CSFAN) Newsletter, specifically designed for authorities that don't subscribe to CSFAN.

If you no longer wish to receive such updates from CSFAN, or indeed you wish to add other colleagues to these newsletter mailings, please do let me know by return of email.

### **Local Government Accounting Conferences – 15 November Leeds (places), 22 November London (sold out)**

The CIPFA Local Government Accounting Conferences are the key events to attend to find out the very latest developments on what are important and substantial changes to local government finance, particularly local government financial reporting.

### **Introduction to Education Finance – 7 December London**

Designed to provide an introduction to those new to local authority education finance, this course is being held in London on 7 December. Unfortunately we have had to cancel the previously advertised 14 November event in York due to low numbers but London is definitely going ahead so book your places now.

This course, which now features as part of our wider '[Essentials](#)' support offering, can be viewed (and booked) on the website. All of these 'Introduction to' courses are designed to provide an introduction to those new to local authority accounting or new to specific technical aspects of the work, or who would value a refresher in those areas.

Each of these training course is also offered as an on-site delivery option. Our typical consultancy rate for these events is £1,250 per day (exc. VAT) plus
